👥 2: User Management in Active Directory

✅ Tasks

1.

In Active Directory Users and Computers, create a new Organizational Unit (OU) called 'EventPlanners' to represent a team that manages college fests like those seen in BookMyShow.

📝 **Answer:**

Steps:

1. Open **Server Manager**.
2. Click **Tools → Active Directory Users and Computers**.
3. Right-click your domain name.
4. Click **New → Organizational Unit**.
5. Enter the name `EventPlanners`.
6. Click **OK**.

🎯 **Result:** `EventPlanners` OU has been created successfully.

2.

Add three user accounts to the 'EventPlanners' OU with usernames inspired by your favorite IPL cricket players (e.g., viratk, msdhoni, hardikp). Set a strong password for each and ensure 'User must change password at next logon' is enabled.

📝 **Answer:**

Steps:

1. Right-click the `EventPlanners` OU.
2. Click **New → User**.
3. Enter the following details:

First Name	Username
Virat	`viratk`
MS	`msdhoni`

Hardik	`hardikp`

4. Create the users one by one.
5. Set a strong temporary password for each user.
6. Tick **User must change password at next logon**.
7. Click **Next → Finish**.

Repeat these steps for all three users.

🎯 **Result:** Three users have been created in the `EventPlanners` OU with the required password setting enabled.

3.

Create a security group named 'FestTicketManagers' inside the 'EventPlanners' OU. Add all three user accounts you created to this group.

📝 **Answer:**

Steps:

1. Right-click the `EventPlanners` OU.
2. Click **New → Group**.
3. Enter the group name `FestTicketManagers`.
4. Select **Global** scope and **Security** group type.
5. Click **OK**.
6. Right-click `FestTicketManagers` and select **Properties**.
7. Open the **Members** tab and click **Add**.
8. Add these three users:
    - `viratk`
    - `msdhoni`
    - `hardikp`
9. Click **OK → Apply → OK**.

🎯 **Result:** All three users have been added to the `FestTicketManagers` security group.

4.

Rename one of your user accounts in the 'EventPlanners' OU to match your own first name and update their description field to 'Social Media Manager for College Fest'.

📝 **Answer:**

Steps:

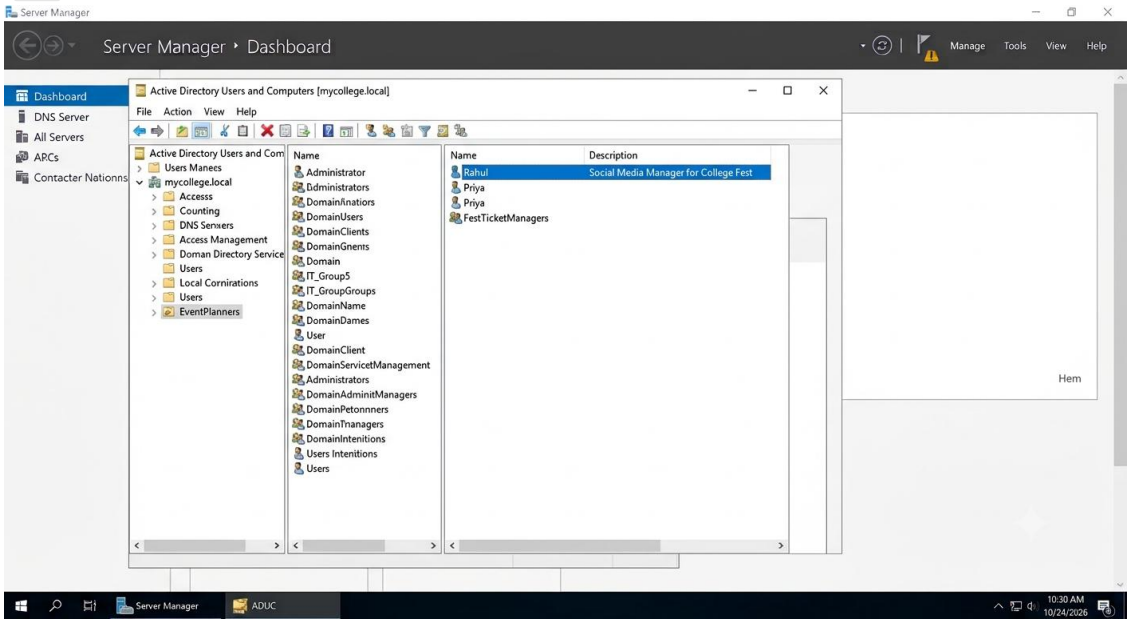

1. Open the `EventPlanners` OU.
2. Right-click the `viratk` account.
3. Click **Rename**.
4. Enter your own first name and press **Enter**.
5. Right-click the renamed account and click **Properties**.
6. Open the **General** tab.
7. In the **Description** field, enter:

   ```
   Social Media Manager for College Fest
   ```

8. Click **Apply → OK**.

🎯 **Result:** The user account has been renamed, and its description has been updated successfully.

📸 Screenshot Here

Task: Submit a screenshot of the AD setup with user accounts and OUs.

Take a screenshot of **Active Directory Users and Computers** showing:

- 📁 `EventPlanners` OU
- 👤 All three user accounts
- 👥 `FestTicketManagers` group

🎉 Conclusion

In this practical, I created the `EventPlanners` OU, three user accounts, and the `FestTicketManagers` security group. I added all three users to the group and renamed one user account with the required description.

This practical helped me understand basic user and group management in Active Directory. ✅
